Why LUMSA?

Founded in 1939, LUMSA is the second oldest university in Rome and it is located in the heart of the city. Inspired by Catholic values, LUMSA is a public non-state university, committed to the education of young people and professionals. It offers academic excellence tailored to the needs of the individual student.

At LUMSA, we seek not only to prepare students for success in their careers, but also to inspire, support and help them become who they are.

There are 1,600 graduate and undergraduate enrolments every year, with a total student population of 6,000 from all over Italy and 53 other countries. Last year, LUMSA awarded over 1,500 degrees and granted financial aid in our commitment to providing access to higher education for students from any economic background.

Beside the 4 campuses of Rome, LUMSA has also campuses in Palermo (Sicily) and Taranto (Puglia). LUMSA promotes international exchange and offers you several mobility opportunities for study and traineeship abroad through 148 Erasmus+ agreements and 15 bilateral agreements with universities outside Europe, including Argentina, Brazil, Canada, China, Chile, India, Mexico and USA. Moreover you can take part to one of double degree programs developed with European universities. Many are thus the opportunities to spend part of the study course abroad while enrolled at LUMSA.

You will have access to a great number of resources and facilities. LUMSA has a brand new library with plenty of spaces for students to study and a wide collection of books, periodicals and journals accessible to all.

ENROLLMENT

Qualifications awarded abroad can grant access to an Italian university if:

- awarded by schools officially recognized by the foreign country's education system;
- awarded on completion of a minimum of 12 years of overall schooling;
- valid to enroll in the universities of the country that awarded them.

The admission procedures differ depending on the country of origin (EU/non-EU).
